

# Maker Fan Deck

Introducing the Maker Fan Deck. A celebration of colour diversity and modernity, our Fan Deck offers an extensive range of hues, from sophisticated greys and soothing pastels to vibrant, dynamic tones. Designed for easy navigation, it's your go-to tool for selecting the perfect palette.

Ergonomically crafted, the Maker Fan Deck fits snugly in your hand and is printed using the same high-calibre digital technology and quality non-woven material as our wallpapers for exceptional colour representation.

At Milton & King, we prioritise colour consistency with stringent quality controls. However, minor variations may occur between batches. For best results, we recommend ordering enough rolls at once from the same batch.
